Hendrickson Publishers Inc, United States, 2007. Hardback. Book Condition: New. 218 x 144 mm. Language: English . Brand New Book. Heretics is the companion volume to the previously published Orthodoxy in Hendrickson s Christian Classics series. In Heretics , G. K. Chesterton unmasks the heresies of contemporary thinking by exposing the faulty thinking of popular notions, especially apparent in the arts. An often overlooked book that contains some of Chesterton s strongest writing, the author takes on the heresies of modern thought, such as negativism, relativism, neo-paganism, puritanism, aestheticism, and individualism. The book includes one of his best essays: On Certain Modern Writers and the Institution of Family. This 1905 collection of articles focuses on the era s heretics : those who pride themselves on their superiority to conservative views. Chesterton s companion volume to Orthodoxy assesses such artists and writers as Kipling, Shaw, Wells, and Whistler with the author s characteristic wisdom and good humor.Chesterton was one of the spiritual influences on C. S. Lewis. Readers who appreciate the writings of Lewis will want to explore the writings of those who influenced him, including Chesterton. Heretics is now available from Hendrickson in a re-typeset and redesigned version as a welcome addition to the successful Christian Classics series.
