Reviews

*This composed ebook is wonderful. It really is writter in basic words rather than hard to understand.
You may like the way the writer compose this pdf.*

Pub Date :2008-05-01 Pages: 357 Publisher: Chemical Industry Press title: radiation processing of polymer materials original price: 35 yuan Author: Song Weiqiang. Deng Gang. Song Qinghuan ed Publisher: Chemical Industry Press Publication Date :2008-5-1 0:00:00 ISBN: 9787122023612 Words: 310.000 yards: 357 Edition: 1 Binding: Paperback: Big 32 opening Weight: Editor's Choice book is based on the author has been engaged for many years in the polymer radiation processing experience and research. combined with polymer radiation processing trends and up-to-date literature research. which was compiled. Characteristics of the book is not only the principle expounded. and try to describe the process and process parameters. Hope this book will help some of the radiation processing practitioners and polymer radiation processing technology of interest to readers. SUMMARY The book is based on the experience and research of many years of research work. combined with the latest developments and trends polymer radiation processing. carried out a detailed description of polymer radiation processing technology. The content covering plastic. rubber. hydrogel. poly polysaccharide polymer nanoparticles. feature film and radiation curing polymer radiation processing technology and applications. Book principle describing the basis of a detailed description of the process and the process parameters. content rich. practical. suitable especially Functional Polymer Materials R & D and production technicians to read reference in polymer materials. Table of Contents Chapter 1 Introduction Section I radiation source a r-ray source Second. Section II of the electron accelerator radiation chemistry basic concepts. the interaction of ionizing radiation with matter. radioactivity. dose. dosimetry five. radiation chemical yield G values ??Section III polymer radiation chemistry. radiation chemistry basic reaction. radiation polymerization and copolymerization of three radiation grafting four. radiation crosslinked V. radiation...
