Brand New Book ***** Print on Demand *****.Science fiction fans, it s time to take up arms! Experiments using the Large Hadron Collider produce the verifiable discovery of dark matter. Within days of this momentous accomplishment, Earth is inundated with wave after wave of intense electromagnetic radiation. Scientists haven t a clue as to why. Globally, power systems fail and modern communications cease to function. Civilization quickly falls into chaos as both food and freshwater supplies run short. All security becomes local. Survivors will be those who are willing and able to protect and feed themselves. Small towns are cordoned off. City blocks become fiefdoms. Thousands of skirmishes take place on a daily basis in cities across the globe. Militaries, without clear orders from the top, take stand within their bases while only looking to defend themselves and their families. Without communications and order, national governments cease to exist. This first book in the HADRON series follows one group of citizens as they make every effort to overcome the madness that ensues. Little do they know, their fellow Man is not their true enemy. A sinister species waits in the heavens above. For those who remain alive, the term survival-of-the-fittest will take on an entirely new meaning.
