## Logic Across the University: Foundations and Applications

By -

College Publications, United Kingdom, 2013. Paperback. Book Condition: New. 234 x 158 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Modern logic is an active agent all across the university today, connecting disciplines, and transcending traditional boundaries. This book demonstrates this general role in the special setting of a conference at Tsinghua University, where modern logic was already taught in the 1930s by pioneers like Jin Yeulin. This boon contains an unusual dialogue between Chinese logicians and international colleagues representing a wide range of disciplines, including philosophy, mathematics, linguistics computer science, cognitive science, and the social sciences. The focus of this encounter is not only to advance logic in its university-wide role but also to look for its application in modern society.
